UNIVERSITY SPECIALTY CLINICS®

**University of South Carolina School of Medicine
Educational Trust dba University Specialty Clinics**

Title: Master Fee Schedule

Policy: The Clinical Support Services of the University Specialty Clinics follows a process in establishing a schedule of payment for medical services rendered.

Procedure:

1. If the service is shown in the 2012 Medicare Part B (Outpatient) Fee Schedule, then the global fee is 400% of the allowable Medicare Fee Schedule.
2. If the service was not included in the 2012 Medicare Part B Fee Schedule and the service is listed in the State Blue Cross Blue Shield (State Health Plan) Fee Schedule, then the global fee is 400% of the State Health Plan allowable fee.
3. If there is a service needed by a Clinical Department, then the Administrative Directors are requested to provide a "reasonable fee" for that service. If there are more than one replies, the highest suggested fee is chosen. Where suggested fees are shown in the Master Fee Schedule, the contributing department is indicated.
